So often in our growing years, when we should be asking God to help us live life to the fullest, we are busy telling Him how to fit into our lives and we will then give meaning to God and existence. It's the other way around, God invites us to fit into His life and gives us a dream only He can fulfill.

Come and take some time away from the rushing around to relax and listen. Come away with the Lord with old friends, new friends and friends you have not met yet for prayer, fellowship, rest, games, laughter, community and spiritual direction.

## **Youth to Youth**

The core of the weekend is the series of talks and discussions which tread their way through the program. Written by young persons, the language is their own while the message is that of a thinking young Christian. Each talk is written with guidance and spiritual directors.

During Insight ...

Relationships and friendships become more genuine and real. Insight is a vision that comes from within. Cut off the dependence of vision, and people become quieter and less willing to do their own thing. People gradually begin to support each other. Discussions become centered on feelings and "observations". People do not spend much time on trying to impress each other with physical, social, or intellectual abilities—people communicate with their heart ...their "INSIGHT".
